

Supporter Story

Bryant Associates Wealth Management

Supporting local charities is something Bryant Associates Wealth Management cares deeply about. They recently chose JIGSAW Thornbury as their charity for a client Casino Evening, inviting some of our team to join and help strengthen connections. An amazing £4,325 was raised through their auction and casino games.

With a strong focus on community connection, they also supported our Purple Party by bringing along a group of guests to celebrate, helping foster meaningful relationships while championing the work of JIGSAW Thornbury.
