

Coding Club

DigiLocal volunteers support young people in building an animation in Scratch programming.

Scratch features colourful visual 'blocks' that snap together to make cool things happen. Each animation can be personalised by choosing custom backgrounds and adding speech bubbles.

- 4th Saturday of month and some holiday specials
- JIGSAW Thornbury's home
- For ages 9 - 25 years

**Children, Young
People and
Families**

Coding Club Led by DigiLocal with volunteer Rachel

Coding club can help by....

providing a small group setting to learn coding at your own pace alongside others with a shared interest, allowing confidence to grow and connections to form naturally.

“It was a genuine pleasure to be able to take a step back and watch Leo independently engage with the session and feel safe with the staff and volunteers”.

With support from
