

# Home Ed Group

A safe space for home educating families with young people with additional needs to play, explore, develop and make connections with other families.

We have two groups with the same families joining consistently to allow relationships to grow and to reduce anxiety about who will be attending. The sessions are informal and led by the children's interests.

- **Thursday termtime 1:00pm - 2:30pm**
- **JIGSAW Thornbury's home**
- **For home educated children aged 5-25 years, with their parent or carer**

**Children, Young People and Families**

# Home Ed Group Led by Ceri with volunteer Bonnie

---

Home Ed Group can help by....

**valuing each child's uniqueness to inspire play, creativity and social connections. Parents and children can feel accepted as themselves, reducing isolation and opening up opportunities for the future.**

**"My child gained in confidence, engages with group, made friends. Is more himself around others and has enjoyed playing games together."**
