

# Sensory Play Group

These small group sensory play-based sessions are designed to engage the senses to support all areas of growth and development, for children with a diagnosis or emerging additional needs.

- Thursday termtime 10:00am - 11:30am
- JIGSAW Thornbury's home
- Ages 1-5 years, with a parent or carer

**Children, Young  
People and  
Families**

# Sensory Play Group Led by Ceri with volunteer Rita

---

Sensory Play Group can help by...

**Allowing your child to explore their senses in their own way. This can help them to development communication and language skills, and benefit their social, emotional and physical development.**

**A great way for you to explore what sensory diet your child might need in order to cope a little better with things. Its a lovely quiet group."**
